

# God Isn't Dead

## Extreme

Ah look at all the lonely people  
Losing faith in a world  
Full of despair no one who cares  
Wondering where God disappeared I see the pain in everybody's faces  
Asking why the God up in the sky  
Didn't say goodbye please tell me  
God didn't die Please tell me God isn't dead  
Please tell me God isn't dead  
Please tell me God isn't  
I wanna know If He's  
Please tell me God isn't  
Tell me God isn't dead  
I want to know
