

Speeding

Lights

One by one, out the door,
Wanted you, she wanted you oh
It's OK, it's OK,
I don't mind moving on,
Don't wait up I'm already gone,
Can't stay still, can't stay still(Ooh) The world in the rear view mirror doesn't matter,
(Ooh) I won't be coming back here after,Speeding, 'cause it feels good,
To be moving on,
Sleep is for the weary,
I'm not slowing down,
And when the record is done,
I'll put another one on,
Speeding 'cause it feels good, 'cause it feels goodWindow down feel the night,
Whatever I touch I can make mine,
It's enough, it's enough,
I say go, on the wall,
You won't see me stopping for anyone,
Can't stay still, can't stay still(Ooh) The world in the rear view mirror doesn't shake me,
(Ooh) I haven't looked back there latelySpeeding, 'cause it feels good,
To be moving on,
Sleep is for the weary,
I'm not slowing down,
And when the record is done,
I'll put another one on,
Speeding 'cause it feels goodLines that line the city,
Guiding all the residents,
From where I am sitting,
I can see the evidenceLines that line the city,
Guiding all the residents,
From where I am sitting,
I can see the evidence,
'Cause I am, 'cause I am,Speeding, 'cause it feels good,
To be moving on,
Sleep is for the weary,
I'm not slowing down,
And when the record is done,
I'll put another one on,
Speeding 'cause it feels good,'Cause it feels good, 'cause it feels good, 'cause it feels good,
'Cause it feels good, 'cause it feels good, 'cause it feels good,

'Cause it feels good, 'cause it feels good.
