Maybe

Sophia Avocado

Flopping on the bed with a song inside my head
And I just canâ€™t get it out
Just keep singing it all day and I just canâ€™t play
To busy writing it down

[Chorus]
Maybe I should get some sunshine
Maybe I try to go along
Maybe I should try to get a life
But Iâ€™m writing this song
Maybe I should write a song about us
Maybe I could write a big hit
Maybe I should buy a tour bus
But I should wait a bit

My moon purple bean bag callinâ€™ for my name tag
Guess Iâ€™ll stay home from school
Now youâ€™re texting me at school
And I better get my flahlight
Cuz Iâ€™m writing this down, yeah

[Chorus]
Maybe I should get some sunshine
Maybe I try to go along
Maybe I should try to get a life
But Iâ€™m writing this song
Maybe I should write a song about us
Maybe I could write a big hit
Maybe I should buy a tour bus
But I should wait a bit

[Bridge]
My favorite paper note book
Calling for just one more look
Gotta get this down, yeah

[Chorus]
Maybe I should get some sunshine
Maybe I try to go along
Maybe I should try to get a life

But Iâ€™m writing this song
Maybe I should write a song about us
Maybe I could write a big hit
Maybe I should buy a tour bus
But I should wait a bit
