

# Sunlight

## Bag Raiders

Hold tight at midnight  
Am I dreaming or are you beaming out?  
Are you beaming out? Like light, snow white  
Red fluorescence, iridescence now  
Are you beaming out? Don't you know that  
When I see your face  
It's like sunlight dripping When I see your face  
It's like sunlight dripping You're just like  
You're just like  
Sunlight  
Sunlight You're just like  
You're just like  
Sunlight  
Sunlight
