The Frights

Trying to hide the feeling that I'm never leaving home
Everybody wants me dead but I just wanna be left alone
Have you ever felt the pressure building in your brain
Growing up is suicide and it's driving me insane I hate my mom and dad
You told me you were sad
We left our homes at last
I miss my mom and dad I can make it on my own but I
never needed this
now I pay for insurance
and I'm always getting sick
If you wanna get back together
we can break up again
OH MY GOD WHATEVEER!
I'M A FUCKING DICK!
I hate my mom and dad
You told me you were sad
We left our homes at last
I miss my mom and dad
I hate my mom and dad
You told me you were sad
We left our homes at last
I miss my mom and dad
I hate my mom and dad
You told me you were sad
We left our homes at last
I miss my mom and dad
