

Kamikaze

PJ Harvey

How could that happen?
How could that happen again?
Where the fuck was I lookin'?
When all his horses came in
And he built an army
Of Kamikaze Ten thousand willin'
Pilots flyin'
Interfacin'
Space and beyond
Built an army
To come and find me Beyond all reason
Beyond all my hopes
The call of duty
Another war zone
Make me mo-moan Kamikaze
Kamikaze
You can't touch me
Kamikaze Eight miles high
He walks his path
And I follow mine
One truth for one eye
He's come to find me Ten thousand willin'
Pilots flyin'
Interfacin'
Space and beyond
Here is his army
Space and here we come Kamikaze
Kamikaze
You don't touch me
Kamikaze Kamikaze
You don't touch me
Kamikaze
You don't touch me Space here we come
