Desire

Life of Agony

Forget everything I've said before
I don't feel that way today
Forget everything I've felt before
I felt it come yesterdayI'm comfortable feeling miserable
And I never want to change
And I never want to change
And I never want to change
And I never want to changeForgive me for I know not
What I've done or what I'll do
Forgive us all 'cause
We have all begun to do as we chooseNever again will I trust a friend
'Cause I know I'll always lose
'Cause I know I'll always lose
'Cause I know I'll always lose
'Cause I know I'll always loseNo desire to live
No desire to change
No desire to try
'Cause it always stays the same
No desireDisregard all of my words
I don't feel that way today
Disregard everything I've done
It meant nothing anywayI'm comfortable feeling miserable
And I never want to change
And I never want to change
And I never want to change
And I never want to changeNo desire to live
No desire to change
No desire to try
'Cause it always stays the same
No desire
