How Many Times

Common Children

Is this my hopeful conversation?
Are you the unforgetful smile?
Is there a source of inspiration
To make this easy for awhile?You say, you found your destination
A place to mend your broken smile
Are you still waiting for salvation
To make this easy for awhile?
To get easy for awhileHow many times a day do you feel that heavy weight?
How many times a night do you close your eyes?
How many cigarettes does it take you just to get
Easy for awhile?How many times a day do you feel that heavy weight?
How many times a night do you close your eyes?
How many cigarettes does it take you just to get
Easy for awhile?How many times a day do you feel that heavy weight?
How many times a night do you close your eyes?
How many cigarettes does it take you just to get
Easy for awhile?How many times a day do you feel that heavy weight?
How many times a night do you close your eyes?
How many cigarettes does it take you just to get
Easy for awhile?Take your time, I know you need it
Take your time, I know you need it
Take your time, I know you need it
Take your time, I know you need it
