Platonic

Amana MelomÃ¨

Strategic angles indirectly revealed
Uniting human form and manufactured heels
Go buy in a hurry, buying your chance
You give your best by loving a classic
Immoderation seems to suit her best
But then I turn around and she's very delicate
Go buy in a hurry, get all you can
Give her your best [unverified]
Time has no pull on her soul
When she is here I'm her doorman
I'm [unverified]
Oh, the coronation when she walks by
Even if it's private makes you end your mind
Buy in a hurry, go get all you can
You give your best for loving a classic
For loving a classic, for loving a classic
