

Reflections Of A Sound

Silverchair

In the sun we are found
To be reflections of a sound
I know it's been far too long
In stormy weather
My arrested hope won't choke forever
Like a memory, I needed never
We walk wrapped in thought
Some are vacant, some have grown too short
It's the only thing I've ever had
That keeps me lonely
In the sun we are found
To be reflections of a sound
When nobody is around
In the sun we are found
To be reflections of a sound
When nobody is around
Come down from the waste of time
Feel so empty when I feel so fine
Starting over we could change
This light shadow sober
I've been waiting for far too long
Let's stick together
'Coz you're keeping me warm
But it's a lonely setting sun
In the sun we are found
To be reflections of a sound
When nobody is around
In the sun we are found
To be reflections of a sound
When nobody is around
I wait so long
Now my head is full of pressure
I need time to cure my mind
It's like a loop that lasts forever
I've been waiting for far too long
Let's stick together
'Coz you're keeping me warm
But it's a lonely setting sun
In the sun we are found

To be reflections of a sound
When nobody is around
In the sun we are found
To be reflections of a sound
When nobody is around
In the sun we are found
To be reflections of a sound
For nobody
In the sun we are found
To be reflections of a sound
For nobody
