

# Sound of Our Hearts (Stereo Palma Remix)

## Compact Disco

The whole big world is just one place  
You can say its all the same  
You may feel hatreds it sows  
We can show its no way to go This is the sound of our hearts, if you listen  
This is a zeal from above and it can say it all  
This is a fever they cant take away  
This is the sound of, the sound of  
The sound of our hearts The sound of our hearts  
The sound of our hearts Harmony can be achieved  
Just find some way to get connected  
Differences may not be wrong  
They enrich the things that we know Different faiths, different views  
All we can do is to turn them in key This is the sound of our hearts, if you listen  
This is a zeal from above and it can say it all  
This is a fever they cant take away  
This is the sound of, the sound of, the sound This is the sound of our hearts, if you listen  
This is a zeal from above and it can say it all  
This a fever they cant take away  
This is the sound of, the sound of  
The sound of our hearts The sound of our hearts  
The sound of our hearts
