

# Six Days (Remix)

## DJ Shadow Feat. Mos Def

At the starting of the week  
At summit talks, you'll hear them speak  
It's only MondayNegotiations breaking down  
See those leaders start to frown  
It's sword and gun dayTomorrow never comes until it's too lateYou could be sitting taking lunch  
The news will hit you like a punch  
It's only TuesdayYou never thought we'd go to war  
After all, the things we saw  
It's April Fools' dayTomorrow never comes until it's too late  
Tomorrow never comes until it's too lateYou hear a whistling overhead  
Are you alive or are you dead?  
It's only ThursdayYou feel a shaking on the ground  
A billion candles burn around  
Is it your birthday?Tomorrow never comes until it's too late  
Tomorrow never comes until it's too lateMake tomorrow come, I think it's too late
