

# Hollow Deep As Mine

[Joe Diffie](#)

If I have send a message like a whisper on the breeze  
Reckon it's no wonder that it never got to me  
'Cos I'm down here in Kentucky, where the sun don't ever shine  
The wind don't blow in a hollow deep as mine  
Oh, if I raise my eyes and look straight up at the sky  
I can see the clouds rolling by  
Well, they're there and then they're gone  
But I'm still here alone  
The wind don't blow in a hollow deep as mine  
I saw a little blue bird, heard him singing through the trees  
It brought me right back to you, just as pretty as you please

Then you took to flying, disappeared among the pines  
That I can't get out of a hollow deep as mine  
Oh, if I raise my eyes and look straight up at the sky  
I can see the clouds rolling by  
Well, they're there and then they're gone  
But I'm still here alone  
The wind don't blow in a hollow deep as mine  
No, the wind don't blow in a hollow deep as mine  
The wind don't blow in a hollow deep as mine  
The wind don't blow in a hollow deep as mine
