

# Hold Me Up (Slaptop Remix)

Conrad Sewell

In a minute you can realize you lost it all  
In a second you were always there to break my fall  
Till you came and saved my life  
In the lonely hour  
In the lonely hour  
Oh I'm praying for some help I can't do it by myself, need you now  
Need you right now  
You know there ain't nobody else  
Who can save me from this hell  
Need you now, I need you right now So hold me up, oh  
I know you'll never let me down  
Need you to hold me up, I  
I need someone like you around  
So hold me up, oh  
Hold me up, no  
I know you'll never let me down  
Said hold me up, oh  
Hold me up, no  
I need someone like you around  
Can you hold me up I wanna tell you secrets no ones ever heard before  
I wanna give you everything, all of my heart and more  
'Cause you came and saved my life  
In the lonely hour  
In the lonely hour  
Oh praying for some help I can't do it by myself, need you now  
Need you right now  
So hold me up, oh  
I know you'll never let me down Need you to hold me up, I  
I need someone like you around  
So hold me up, oh  
Hold me up, no  
I know you'll never let me down  
Said hold me up, oh  
Hold me up, no  
I need someone like you around  
Can you hold me up So hold me up  
(Don't ever let me go go go)  
(Don't ever let me go go go)  
(Don't ever let me go go go)

So hold me up  
Hold me up Don't ever let me go go go  
Don't ever let me go go go  
So hold me up  
Hold me up  
(Don't ever let me go go go)  
(Don't ever let me go go go)  
So hold me up, oh  
Hold me up, yeah  
I know you'll never let me down  
Said hold me up, oh  
Hold me up, no  
I need someone like you around  
So can you hold me up  
Oh baby  
Oh baby  
So hold me up now  
I know you'll never let me down Hold me up
