

Break The Silence

Thousand Foot Krutch

You make me feel so alive
That I'm tryin' hard not to make moves
Choosin' the wrong place and time
Everyone will know the minute we let it go
I can't hold it anymore, let's be originalNo holes barred
Can you feel it comin' along?
Break the Silence, non-directional
No holes barred
Can you feel it comin' along, it's on
Hit the switch and turn me onYou make me feel complicated sometimes
I try to explain the way
You took me turned it all around
Everyone will know the minute we let it go
I can't take it anymore, let's be originalNo holes barred
Can you feel it comin' along?
Break the Silence, non-directional
No holes barred
Can you feel it comin' along, it's on
Hit the switch and turn me on'Cause I'm crawling my way through
I'm falling into you
I'm turning on things I though I knew
I'm slipping away
Every time I try to be more like youNo holes barred
Can you feel it comin' along?
Break the Silence, non-directional
No holes barred
Can you feel it comin' along, it's on
Hit the switch and turn me onNo holes barred
Can you feel it comin' along?
Break the Silence, non-directional
No holes barred
Can you feel it comin' along, it's on
Hit the switch and turn me onGet it on if ya feel it comin' on
If you're real then come along
If you feel the song, come on
Bring it on, bring it onGet it on if ya feel it comin' on
If you're real then come along
If you feel the song, come on
Bring it on, bring it onGet it on if ya feel it comin' on

If you're real then come along
If you feel the song, come on
Bring it on, bring it on
