

# Fancy footwork (Strip Steve You & I Remix)

Chromeo

Two step, two step, two step  
Two step, two step, two step Bright lights TV screens,  
Feels like looking in a magazine,  
You run on the floor,  
Feels like dancing is the way to go,  
But if you let her see that fancy footwork  
Show her that you're not that shy,  
Let her see that fancy footwork  
Show her you're that type of guy. Two step, two step, two step  
Two step, two step, two step Young boy don't be late,  
This girl ain't really got time to wait,  
You think its all for show,  
But this is just the only way I know,  
But if you let her see that fancy footwork  
Show her that you're not that shy,  
Let her see that fancy footwork  
Show her you're that type of guy. Two step, two step, two step  
Two step, two step, two step Hey  
If you ever need a guy,  
A partner for the week  
You're holding my direction  
Then just come and follow me  
We'll meet up on the floor  
And maybe do the work,  
So show me what you got in terms,  
Of fancy footwork. Fancy footwork  
Fancy footwork  
Fancy footwork  
Fancy footwork  
Fancy footwork  
Fancy footwork  
Fancy footwork Two step, two step, two step  
Two step, two step, two step
