Yes I Do

The Psychedelic Furs

We are both so second hand
We've been around
It really doesn't matter
Does it anyway today?
All our lies will find us out
When we are dreaming
It really doesn't matter
Does it anyway today?
Oh when yeah I want you
Oh when yes I do
Oh when yeah I want you
Oh when yes I do
You're here now
She's now and then
But anyway
It really doesn't matter
Does it anyway today?
You and you're beside me
And my medicine
It really doesn't matter
Does it anyway today?
Oh when yeah
We want you
Oh when yes we do
Oh when yeah
We want you
Oh when yes we do
Oh when yeah
I want you
Oh when yes I do
Oh when yeah
We want you
Oh when yeah we do
