City Girl

The Jezabels

I cried so hard that you pushed me further away
Screamed so loud you called the police on me
I got so city girl on youI get so sad that sad gets to be
So scared that all my feelings
They up and leave meI got so city girl on you
I go so crazy I don't know what to doI look so long I get obvious
I look so hard I look obvious
I work so much I miss the sun shine away
I sleep so little, watch the stars fade into dayI get so city girl on you
I go so crazy I don't know what to doI get uncertain promise, I'll be perfect from now on
But all my promises they're out the window once you're gone
And you pack your bags you say, I love you but I cannot stay
So I started smoking
Thought the signals would scare your wolves awayI got so city girl on you
I went so crazy I didn't know what to do
I got so city girl on you
I went so crazy I didn't know what to doI cry so hard that you push me further away
I scream so loud you call the police on me
You pack your bags you say, I love you but I cannot stay
So I started smoking thought the signals
Would scare your wolves awayI got so city girl on you
I went so crazy, I didn't know what to do
I got so city girl on you
I went so crazy, I didn't know what to do
