

Valley of Shadows

Rhapsody of Fire

Leave me alone, alone apart
Now you feel, feel, feel my pain again
Blind, voice, rage, pain
Leave me alone apart
No one can feel my pain
Execratio bellum ade
inhumanus est praesagio
convivium animarum
cupiditates sunt
ut quisque me viderat
quis viderat
In this valley of shadows
All demons around
I feel no pain
A vision of time
The voice inside
Leave me alone, alone apart
Now you feel, feel, feel my pain again
Blind, voice, rage, pain
Scream and wish to cry
No one can see my choice
Execratio bellum ade
inhumanus est praesagio
convivium animarum
cupiditates sunt
ut quisque me viderat
quis viderat
In this valley of shadows
All demons around
I feel no pain
A vision of time
The voice inside

Execratio bellum ade

All demons around
I feel no pain
A vision of time
The voice inside, my rage
