Crazy People

Baby Kaely

Sittin' on the corner of 33rd and utter hell You ain't killed nobody today, but I ain't well You smellin' like cat litter, still bitter Hangin' up on strippers, working on my 3rd bottle of liquor Walk around the earth stressed I guess, I'll have another panic attack It's always darkest right before it's pitch black I've been buggin' since I fell out of my mothers dress World full of crazy people and I guess I'm one in the same How did I get so dirty, you can see it on my face And I tell you man it's evil, but I don't know no other game So ya'll better give me some praise But I ain't killed nobody today, just yet I'm mood swingin' like a wreckin' ball Knockin out a wall and I don't got a gun So I'm shootin' birds at ya'll And it piss me off more that you don't fall I oughta take a ball of C4 to the mall Lookin' out the window and the world calls me a chump Smokin' a cig at the gas pump Hey you wanta' bump Excuse me sir, can you spare a buck of two The worlds a cess pool and I'm a piece of shit Fuck you mother fucker, I need liquor too Stomach hangin' out my mouth when I'm blowin grits I'm like a rat inside the wheel and it's played out Drivin' off a cliff, smoke a spliff on the way down Can't get a bitch, all of them are gay now Man, ya'll done lost ya'll mind Hey pal, got the time? Does anybody really know?

We're just cuttin' in line
Well, so has everybody else
World full of crazy people and I guess I'm one in the same
And I tell you man it's evil, but I don't know no other game
How did I get so dirty, you can see it on my face
But I ain't killed nobody today, just yet
So ya'll better give me some praise
And how am I suppose to walk

And how am I suppose to talk
And how am I suppose to live
When I ain't gotta damn thang to give
(Repeat)
Me neither

Hey you wanna get a 50 piece, nah You ever wanna kill a cop, nah

Me neither

Ever contemplated suicide, nah

Me neither

You ever wanna run through a mall with an M16 Yellin' kill em all, nah

Me neither

Leavin' nothin' but body parts, wrecked cars and brains, nah You ever wanna swerve into the oncoming lane

Well, me neither

World full of crazy people and I guess I'm on in the same
And I tell you man it's evil, but I don't know no other game
How did I get so dirty, you can see it on my face
But I ain't killed nobody today, just yet
So ya'll better give me some praise
