

Telecommunication

A Flock of Seagulls

Ultraviolet
Radio light
To your solar system
On a beam of light This is telecommunication
Telecommunication
Telecommunication
Telecommunication Laser beam
Coming through the night
To my TV screen
To my color eye This is telecommunication
Telecommunication
Telecommunication
Telecommunication Video screen
Silver page
With a new calibration
For the nuclear age This is telecommunication
Telecommunication
Telecommunication
Telecommunication This is telecommunication
Telecommunication This is telecommunication
Telecommunication This is telecommunication
Telecommunication
Telecommunication
Telecommunication Telecommunication
Telecommunication
Telecommunication
Telecommunication
