

# Holy Commotion

## Pretenders

Ah ah ah a mass of devotion  
Ah ah ah and a Holy commotion  
I just want, I want, I want, to see your face  
I just want, I want, I want to change your place  
Lift your billAh ah ah a mass of devotion  
Ah ah ah and a Holy commotion  
I just want, I want, I want to lead the blind  
I just want, I want, I want to free your mind  
Come on babyAh ah ah a mass of devotion  
Ah ah ah and a Holy commotion  
I just want, I want, I want to see the light  
I just want, I want, I want to dance all night  
Oh be my babyWhen the walls come tumbling down  
And the love drags all around  
And the dogs of war come around no more  
No more rape or torture or mutilation  
One love one way  
One humanity  
One way one love  
One humanity
