If I'm In Love

David Jordan

You may be beautiful
We've had a magical time together
Exploring each other's sexual needs
We get along so well
But I think you should know
That I might not be in love with youWhen we're together
I love those nights
But when we are apart
I feel the emptinessBut there are times
When I look in your eyes
And I see that I am losing
The whole of my lifeOh, if I'm in love, I'll let you know
If you're the one I'm thinking of
And if you're not the one
Then I'm moving on
'Cause it's not worth hanging onOhh, you're insatiable, girl
You know how to pull my strings
You without me is a match
That we can never seem to bring
Ourselves to talk about us I really think
That if could be in love with youWhen we see each other it feels so right
But right from the start
You steal my emptiness
But in the heat of the night
When it all feels alright
I'm left thinking what am I doingOh, if I'm in love, I'll let you know
If you're the one I'm thinking of
And if you're not the one
Then I'm moving on
'Cause it's worth hanging onPlease, understand
I don't mean to hurt you
But I've gotta grab a hold of my life
And I feel that in my heart
That we're better off apart
I'm left thinking what am I doingPlease, understand
I don't mean to hurt you
But I've gotta grab a hold of my life
And I feel that in my heart
That we're better off apart

I'm left thinking what am I doingPlease, understand
I don't mean to hurt you
But I've gotta grab a hold of my life
And I feel that in my heart
That we're better off apart
I'm left thinking what am I doingOh, if I'm in love, I'll let you know
If you're the one I'm thinking of
And if you're not the one
Then I'm moving on
'Cause it's worth hanging onI'll let you know if I'm thinking about you
