

Helping Hands

Butcher Boy

You gotta believe we can change the world
Don't turn a blind eye to tomorrow's world
But on the good side looking out
Don't take for granted the silent shout
The hands of time are rolling past
To turn the tide, we must move fast
Let's share the hope and pull some strings
We hold the answer this vision sings
They're holding on
But for how long
Let's set them free
Put your helping hands together rockin' on for survival
Gotta take a stand, time to make a plan, don't sit idle
We are the key to the dreams
It's not as hard as it seems
No
Get up and put your hands together
All your helping hands
Oh yeah
We're three steps down, you're two steps back
No more widgin' and that's a fact
A call to arms, let's take a stand
It's up to you to lend a helping hand
They're holding on
But for how long
Let's set them free
Put your helping hands together rockin' on for survival
Gotta take a stand, time to make a plan, don't sit idle
We are the key to the dreams
It's not as hard as it seems
No
Get up and put your hands together
All your helping hands, yeah
We're the thunder in the storm
That brings the winds of change
Together we can overcome
And start a brand new day
Put your helping hands together rockin' on for survival (Yeah yeah)
Gotta take a stand, it's time to make a plan, don't sit idle (No, no, no, no)
Put your helping hands together rockin' on for survival
Gotta take a stand, c'mon make a plan, don't sit idle (Oh!)
