

Fly Away

Jean-Roch

Amerie
Fat Joe
Is the music Under all the lights
In the darkest nights
Feel it through my soul
Under all the lights
Feel like letting go Since my early phase searching for my way
I was so alone
I am ready to run away
I was on my own In this life I need to know
That I can fly away
No matter what you might say
i need to know
That i can fly away
In this life I need to know
That I can fly away
No matter what you might say
i need to know
That i can fly away In this life I need to know
That I can fly away
No matter what you might say
i need to know
That i can fly away Walls are closing in
Feel it happening but I feel no fear
Sounds come down crushing in
But I am standing here Hope up on a six
We wake up in Saint Tropez
Talking about nobody case
this is my life style
What are you tripping for
Is what we are living for
In this life I need to know
That I can fly away
No matter what you might say
i need to know
That i can fly away In this life I need to know
That I can fly away
No matter what you might say
i need to know

That i can fly awayIn this life I need to know
That I can fly away
No matter what you might say
i need to know
That i can fly awayIn this life I need to know
That I can fly away
No matter what you might say
i need to know
That i can fly awayIn this life I need to know
That I can fly away
No matter what you might say
i need to know
That i can fly awayIn this life I need to know
That I can fly away
No matter what you might say
i need to know
That i can fly away
