

In Silence With My Scars

Communic

I'm lost with fever
Drifting into this psycho-sphere
I wish the stars could tell me
Is this it, my last breath
All alone I'm a master of denial
Don't even try to convince me
Am I conscious or lost
Could this be my final day
Here on earth I'm taking a leap of fate
Never to look back, or loose control
I'm beyond despair
In silence with my scars I'm falling
Loosing control
I'm falling
A desecrator I'm lost with fever
This task called life I failed
I hear an echo from the unknown
I cannot exclude these cynical ideas I'm taking a leap of fate
Never to look back, or loose control
I'm beyond despair
In silence with my scars I'm falling
Without control
I'm falling
A desecrator I hear an echo from the past
I cannot exclude these cynical ideas
I'm heading into the unknown
All my fears are now at peace
All alone I'm taking a leap of fate
Never to look back, or loose control
I'm beyond despair
In silence with my scars I'm falling
Loosing control
I'm falling
A desecrator I'm leaving
This planet earth
I'm leaving
