

# Jump, Jump, Jump

[Joe Modica](#)

I'm thinking of jumping off this bridge  
Cause life has got me down  
Can't think of one reason to live  
I guess I'll probably drown I think I'm gonna jump, jump. Jump The girls nowadays - they all treat me the same  
You know I get less than a dog  
Pointless and meaningless my friend  
You know, I guess I'll probably drown Jump, Jump, Jump I wonder, is anybody here  
Or is this my private dream  
I'm gonna pinch myself and see  
Gonna wake from this scary scary dream Jump, Jump, Jump
