Together Again

Nat Stuckey

Together again all my tears have stopped falling
The long lonely nights are now at an end
The key to my heart you hold in your hand
And nothing else matters we're together again
[guitar - steel]
Together again all my grey skies are gone
You're back in my arms and that's where you belong
The love that I knew is living again and nothing else matters we're together again
And nothing else matters now we're together again
