

It'll Be Me Babe

Cliff Richard

Who's gonna shoe your pretty feet
Who's gonna hold your hand
Who's gonna take you out tonight
To listen to the band Who'll be the one you love to love
Who's gonna be your beau
Who's gonna show you off tonight
When he takes you to the show It'll be me babe, it'll be me
Comin' for thee babe, comin' for thee
In case there's any doubt
Just who I'm talkin' about
It'll be me babe, it'll be me
Who's gonna meet you in the morn
To court you through the day
Who's gonna pick you up at eight
To rock the night away
Ah, rock the night away
It'll be me babe, it'll be me
Comin' for thee babe, comin' for thee
In case there's any doubt
Just who I'm talkin' about It'll be me babe, it'll be me yeah
I want you to know it'll be me at your door
It's gonna be, gonna be, gonna be, me babe
