Tough Luv

Young Gunz

I swear to hold you down for as long as we both shall live
I never made a move without ya, my homie that's just how it is
Now we need each other more than ever, don't leave me by myself
Young Chris
Check it
Young Neef
Thats right
Together for ever, Neef and C
I give a fuck how y'all feel but that's real to me
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
I would turn green, from me being in trenches
Him, livin' adventurous not worryin' about expenditures
Think back, I never left the premises
24/7 on corner, now let's remember this
After school, you wrote your rhymes while I sat in your crib
One of the first niggaz you let in your crib
Moms treated me like a son since day one
Thinkin' 'bout how she talking 'bout she can't wait til that day come
The thing about that, I weren't even thinkin' 'bout rap
Til I met you and thank you for that
And now you got us lookin' like Jaz and Jay
T-Mac and Carter Neef, gotta work harder Neef
Shit, we runnin' with S. Carter Neef
Dame and Biggs, get on your game my nig
The whole clique feel the same my nig
So don't think 'cuz I'm ahead of you I changed my nig
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
Now we got rich athletes that practice evr'day
Look at Hov, seem him in action everyday

He still at it, sold 5 million, still practicin'
You still with me? Units is movin', they still yapping homie
And I came into this game on your back and your game ain't intact
And I'm tryin' to do my thang
All I wanna know is if you tryin' to do the same
I feel like I could do without you, at the same time I can't
'Cuz at the same time it'll hurt
Ain't no shame in our game but our moms'll be hurt
Dreams of being stars, a lotta niggaz Miss. Kim
If you can't do it for us, do it for Miss. Kim
Plus we promised both our mommas that we would
You know if we break that promise, it'll break they little hearts
Let's get this album out, and try to make it to the charts

Time for us to see the light, we done made it through the dark homie
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
The kid back in the zone, killin' them songs
I'm back to my old self, C I'm 'bout to prove em wrong
'Cuz in the past, a lotta shit been fucked up
Like when you hear Young Chris and don't hear Neef Buck
Young Gunna I got ya
But you hatas gonna make me snap, cock back and red dot ya
Face it, ya basic, you can't tie my laces
Now I got the game mapped, plus I want my spot back
We together forever, these niggaz can't stop that
Do it for who? I do it for you!
Let's be for real homeboy, they not our crew
And since we talkin' facts, it's really just us two
And I know you feel the same when you're signed
But you couldn't even ride 'cuz I wasn't on my job
Don't never ever think I left your side
Never T-mac and Carter C, man you a part of me
Brother from another, even though my momma loved you like her own
Let's do this rap shit and just move on
I just thought I was passin' a baton, lettin' you kill them songs
Now I feel I'm all wrong
God forbid this rap shit'll don't even work out
Still know the Coke route, still get our moms out

And that's a promise we could never break
C you never changed, don't be dogged that was my mistake
But don't worry, we gon get this in a hurry
Young Chris, Young Neef, tough luv til we bury
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
Let's do whatever it takes to find our way
To find a way, to find a way
