Feelin' Blue

Earth, Wind & Fire

Where, do you go, when you're lost Is it up, is it down, is it here And what, do you see, in the dark Is it real, is it me, are you scaredDo you believe in yourself Are you good, are you bad, are you there And can you confess to the morning light And be true, what to doWhen it's you, feelin' blue When it's you, feelin' blueTell me the truth, if you can Do you know, who you are in a dream Do you forget, when you open your eyes And you lose, what to doWhen it's you, feelin' blue When it's you, feelin' blueDo you believe in yourself Are you good, are you bad, are you there Just leave it alone, let it go Will you see, will you wait, has it goneThen why, do you sleep in your chair No there's not much to doWhen it's you, feelin' blue When it's you, feelin' blue You, feelin' blue When it's you, feelin' blue, ooh, ooh
