Second Class

when i close my eyes i think of you and what we might have been it makes me never want to fall asleep or dream of you again no matter what i do or how real it seems to be it breaks my heart when i wake up cause you're only in my dreams why do you have to be make believe its just so unfair its impossible to find someone that can even compare no matter what i do or how real it seems to be it breaks my heart when i wake up cause you're only in my dreams i don't know what to do cause anywhere i go you follow i cant escape you even when you're not there i don't know what to say cause all my words just sound so hollow i shouldn't bother cause i know that you don't care you don't care at all i don't know what to do cause anywhere i go you follow i cant escape you even when you're not there i don't know what to say cause all my words just sound so hollow i shouldn't bother cause i know that you don't care
