

# I Will Lead You

## Filter

Come along take a ride  
Across the sky for an hour  
Leave your mind, take your soul  
Fill the hole with flowers From the lake through the trees  
In the streets for the powder  
In the creed for the freeze  
I gotta place for this power 'Cuz I am a lie  
'Cuz I am a lie I will lead you for awhile  
Take you place to place  
Bring you to this pyre  
See you face to face Come along to this flick  
Take your sympathy with your symphony  
See this dish, a wonderful wish  
It's the perfect kiss, it's the real thing See the pitch, it's the greatest of hits  
It's the missing with the wishing  
At least you caught a smile  
When you coughed awhile  
When you did this kissing 'Cuz I am a lie  
'Cuz I am a lie I will lead you for awhile  
Take you place to place  
Bring you to this pyre  
See you face to face I will lead you  
I will lead you See you face to face  
(I will lead you)  
Face to face  
See you face to face (I will lead you)  
Face to face, yeah  
See you face to face (I will lead you)  
Face to face  
I'll see you face to face
