To Be With You

Mr. Big

Hold on little girl Show me what he's done to you Stand up little girl

A broken heart can't be that badWhen it's through, it's through

Fate will twist the both of you

So come on baby, come on over

Let me be the one to show youI'm the one who wants to be with you

Deep inside I hope you feel it too

Waited on a line of greens and blues

Just to be the next to be with youBuild up your confidence

So you can be on top for once

Wake up, who cares about

Little boys that talk too muchI've seen it all go down

Your game of love was all rained out

So come on baby, come on over

Let me be the one to hold youI'm the one who wants to be with you

Deep inside I hope you feel it too

Waited on a line of greens and blues

Just to be the next to be with youWhy be alone when we can be together baby?

You can make my life worthwhile

I can make you start to smileWhen it's through, it's through

Fate will twist the both of you

Come on baby, come on over

Let me be the one to show youI'm the one who wants to be with you

Deep inside I hope you feel it too

Waited on a line of greens and blues

Just to be the next to be with youI'm the one who wants to be with you

Deep inside I hope you feel it too

Waited on a line of greens and blues

Just to be the next to be with youJust to be the next to be with you
