Kickstart the Fight

Combichrist

Just one more shot girl, she said
Fuck yeah, I'm down
Insanity rules the world
I'll fucking die in this townI'm here to fuck shit up and I'm ready to go
A bottle or two, still nothing to show
She said, drink up motherfucker, we're running out of time
She said, I wanna get wasted you're my partner in crimeWe're not afraid of a rumble
Gonna kick it all night
We're not afraid of a rumble
Here to kick it, kickstart the fightWe're not afraid of a rumble
Gonna kick it all night
We're not afraid of a rumble
Here to kick it, kickstart the fight
Kickstart a fightAlone we are trouble
Together we're at war
Apocalypse in every shot
And we'll be back for moreWe're here to drink, fight, fuck and we're ready to go
3rd bottle on its way and we're ready for the show
She said, now listen to me fucker, I got nothing to lose
She said, damnation's at the door and I brought the boozeWe're not afraid of a rumble
Gonna kick it all night
We're not afraid of a rumble
Here to kick it, kickstart the fightI give good head, you give good head
My parents give good head
My grandmother gives good head
My relatives give good head tooI give good head, you give good head
I give good head, you give good head too
I give good head, you give good head
I give good head, you give good head tooWe're not afraid of a rumble
Gonna kick it all night
We're not afraid of a rumble
Here to kick it, kickstart the fightWe're not afraid of a rumble
Gonna kick it all night
We're not afraid of a rumble
Here to kick it, kickstart the fightWe're not afraid of a rumble
Gonna kick it all night
We're not afraid of a rumble
Here to kick it, kickstart the fightIs that all you got?
