

# All Over Me

**Blake Shelton**

There was a time  
I really used to care about what others thought  
And the way they talk in a crowd  
I used to pull away when she would kiss my face  
And touch my hair, she didn't care who saw  
She was all over me  
And I used to let it get all over me  
And now to prove that I love her  
I'd crawl on my knees for the whole world to see  
Now that she's all over me  
The sky is blue  
But from where I stand in the middle of this heartache  
It sure looks gray, all alone  
What I wouldn't give if I could feel  
The familiar touch of her love holding me again  
She was all over me  
And I used to let it get all over me  
And now to prove that I love her  
I'd crawl on my knees for the whole world to see  
Now that she's all over me
