

Dream

Nhojj

Here are your thoughts
Here is your soul
Here is the time
Here is the goal
Here is your gift
Here is your light
There is the moon and
This is the nightSo whats your desire dear?
 Write it down here
 Make sure its clear
 This is a prayer - Yeah
Now dont you be afraid - No no no
 The power lies within the body
 Hold that picture in your mind
 Now close your eyes
 And realize
 Youll be alright
 Its startingChorus
 So let go
And soar spread your wings and fly away
 Let go
 And realize
 Youll be alright
 No need to fight
 Its startingHere is your dream
 Here is your life
 Here is the truth and
 Here is the lie
 Here is your high
 Here is your low
 There is a way but
Before you goWhats your desire dear?
 Write it down here
 Hold it so near
 Make this is your prayer - Yeah
 Now dont you be afraid- No no no
 Dreams only live within your body
 Hold that picture in your mind
 Now close your eyes

And realize
Youll be alright
Its starting
