

# Goodnight

## Saint Etienne

(Oooohooohooohooohooohoooh)  
(Oooohooohooohooohooohoooh)Days over and night must fall  
Shadows creeping up the garden wallGoodnight (goodnight)  
Goodnight, goodnight, goodnight (goodnight)Will you sing me to sleep and stroke my hair?  
I'll close my eyes if I know that you're therePut the bike in the alleyway  
Shine of street lights and a fuzzy greyGoodnight  
Goodnight, goodnight, goodnightWill you sing me to sleep and stroke my hair?  
I'll close my eyes if I know that you're there(Ba ba ba ba ba, ba ba ba ba ba)  
(Ba ba ba ba ba, ba ba ba ba ba)  
(Ba ba ba ba ba, ba ba ba ba ba)(Oooohooohooohooohooohoooh)  
(Oooohooohooohooohooohoooh)Draw the blinds on the yellow moon  
A dark apartment and a distant tuneGoodnight  
Goodnight, goodnight, goodnightWill you sing me to sleep and stroke my hair?  
I'll close my eyes if I know that you're there (goodnight)  
(Oooohooohooohooohooohoooh)
