Now You Got Someone

Avant

I know your gonna through a lot of things
I can see it in your eyes but i can't explain it
Situation looking so strange
Like a picture on the wall without the frame and
When tears fall i want to be there to catch em (just let me babe)
And if you get lost let me change your direction (it's this way)
Cause he's not treatin you like a... (queen)
And i hate when he causes a... (scene)
I wouldn't do it in my wildest... (dream, no)
Don't let it happen because baby you are so beautiful
I don't want to step on his toes but i think he should knowYou never had someone (that's all about your needs)
You never had someone (that always do you properly, yeah)
You never had someone (to give you what you waitin for)
You never had someone
But now...
Baby you got someone
You ain't had, never had no one to lay you down
Strolled up on the bed
When we're finished we'll be on the ground
But you hadn't been workin
Girl i know you been hurtin
But baby don't you worry
Cause now you got someoneAt home with your head down
Don't want to show your face from the confrontation
Can't even go to work now
Gotta call out saying you that you need a vacation
I don't know why you let him do it (why you let him do it girl)
But it seems you gettin use to it (yeah)
You... don't have to make an... excuse
For the crazy things he... do
You ain't gotta take the abuse (no)
Even though it's none of my business (i'm right there when your sky turns gray)
Girl believe in me i'll never treat you that wayYou never had someone (that's all about your needs)
You never had someone (that always do you properly, yeah)
You never had someone (to give you what you've been waitin for)
You never had someone
But now...
Baby you got someone (got someone)
You ain't had, never had no one to lay you down (to touch your body)

Strolled up on the bed
When we're finished we'll be on the ground (right on the ground baby)
But you hadn't been workin (workin)
Girl i know you been hurtin (know that you've been hurtin)
But baby don't you worry (oh)
Cause now you got someone, got someoneLet me hear you say
You gonna pack your bags and walk away
Let me hear you say
That you ain't gonna take it another day
Let me hear you say
That baby you not gonna be afraid
You gonna be ok (say it baby, say it)Let me hear you say
You gonna pack your bags and walk away
Let me hear you say
That you ain't gonna take it another day
Let me hear you say
That baby you won't be afraid
You gonna be ok (say it baby, say it)You never had someone (you never had no one like me)
You never had someone (now you do baby)
You never had someone (you never...)
You never had someone
Baby you got someoneYou ain't had, never had no one to lay you down (make love to you)
Strolled up on the bed
When we're finished we'll be on the ground (that's what i'm gonna do)
But you hadn't been workin (yeah)
Girl i know you been hurtin (hurtin)
But baby don't you worry (don't worry baby, baby)
But now...
You got someoneYou never had someone (now you do)
You never had someone (now you do)
You never had someone (now you do)
You never had someone (now you do)
