Still On Your Side

Bbmak

I will stand up for you
No matter what you are going through
You found a place where you belong
New friends that can do no wrong
That's what you believe
But who is gonna be there when you fall
To build up when you are feeling small
Give you love that you need
Who will, I will
And when the whole world turns against you
Ain't no lie
Don't you know that I will stand up for you
No matter what you are going through
I'm still on your side
Any time, day or night
Don't care if it's wrong or right
I'm still on your side
You wanna run, you wanna break free
Oh, what you want ain't what you need
Can't you see that I care
I know I'm hard on you sometimes
Oh, when you are looking for the things you can't find
Don't you know who'll be there
Who will, I will
When it's more than you can handle
Ain't no lie
Don't you know that I will stand up for you
No matter what you are going through
I'm still on your side
Any time, day or night
Don't care if it's wrong or right
I'm still on your side
I'll be there
I'll be there when you need me
I won't let you go
There's nothing I won't do, I'll be there
Don't you know
I will stand up for you
No matter what you are going through

I'm still on your side
Any time day or night
Don't care if it's wrong or right
I'm still on your side
I will still be around
When the others let you down
I'm still on your side
Anytime you need help
And you can't find nobody else
I'm still on your side
I'm still on your side
I'm still on your side
I'm still on your side
