

Ten Thousand Fists

Disturbed

Survivor

Survivor One more goddamn day when I know what I want
And my want will be considered tonight, considered tonight

Just another day when all that I want

Will mark me as a sinner tonight, I'm a sinner tonight, yeah People can no longer cover their eyes

If this disturbs you then walk away

You will remember the night you were struck by the sight of

Ten thousand fists in the air Power unrestrained dead on the mark

Is what we will deliver tonight, deliver tonight

Pleasure fused with pain this triumph of the soul

Will make you shiver tonight, will make you shiver tonight, yeah People can no longer cover their eyes

If this disturbs you then walk away

You will remember the night you were struck by the sight of

Ten thousand fists in the air We are the ones that will open your mind

Leave the weak and the haunted behind

We are the ones that will open your mind

Leave the weak and the haunted behind We are the ones that will open your mind

Leave the weak and the haunted behind

We are the ones that will open your mind

Leave the weak and the haunted behind People can no longer cover their eyes

If this disturbs you then walk away

You will remember the night you were struck by the sight of

Ten thousand fists in the air Ten thousand fists in the air

Ten thousand fists in the air
