

Step to the Street

Agents of Good Roots

Used to live uptown
'til I hit the downtown
Yea, people walking all around
They come talking 'bout a hip town
I step up to the street
I step in time
With the limousine
I ship, ship, ship, shimmy the bell in my pocket
But damn, I can't get over
I just can't make a move
Damn, I just can't get over
I've got too much to lose on my mind
Speak high crown
Don't get down
Don't let them put you in the ground
Don't let them
The people come walking all around
Stewp up to the street
Step in time
With the limousine
I ship, ship, ship, shimmy the bell in my pocket
