Lisa Says

The Velvet Underground

Lisa says that it's alright
When she needs to be alone at night
Lisa says that she has her fun
And she'll do it with just about anyone
Lisa says, Lisa says
Lisa says, Lisa says
Lisa says that she's on the run
Looking for a special one
Lisa says that every time she makes his trip
She knows her heart will beat
Lisa says, Lisa says

Lisa says, Lisa says
Looking for a party, some action
Going to make it feel okay
But what do you find
When the time has come on
Now look at it run
Lisa says, Lisa says
Lisa says, Lisa says
Lisa says, oh, Lisa says
Lisa says
