

Tainted Love '91

Soft Cell

Isn't it nice
Sugar and spice
Luring disco dollies
To a life of vice
I can make a film
And make you my star
You'll be a natural
The way you are
I would like you
On a long black leash
I will parade you
Down the high streets
You've got the attraction
You've got the pulling power
Walk my doggie
Walk my little sex dwarf
We can make a scene
We'll be a team
Making the headlines
Sounds like a dream
When we hit the floor
You just watch them move aside
We will take them
For a ride of rides
They all love your
Miniature ways
You know what they say
About small boysSex dwarf
Sex dwarf
Sex dwarf
Sex dwarfI'm a Rolls Royce
Look its so huge!
It's big and it's gold
With my dumb chauffeur
Looking to procure
Run little doggie
Lure a disco dolly
Run my little sex dwarf
I feel so lonely

Get my little camera
Take a pretty picture
Sex dwarf in a gold Rolls
Making it with the dumb chauffeur Isn't it nice
Sugar and spice
Luring disco dollies
To a life of vice
Sex dwarf
Isn't it nice
Luring disco dollies
To a life of vice Sex dwarf We can make an outfit
For my little sex dwarf
To match the gold Rolls
On my dumb chauffeur
We'll all look so good
We'll knock 'em cold
Knocking 'em cold
In black and gold
We can have playtime
In my little playroom
Disco dollies
My sex dwarf
And my dumb chauffeur
I would like you
On a long black leash
You can bring me
All the things I need Sex dwarf
Isn't it nice
Luring disco dollies
To a life of vice
Sex dwarf
Isn't it nice
Luring disco dollies
To a life of vice Sex dwarf Sex dwarf
Isn't it nice
Luring disco dollies
To a life of vice
Sex dwarf
Isn't it nice
Luring disco dollies
To a life of vice
