## Minus the Bear

Advisory - the following lyrics contain explicit language:

You've come to this  
You were once a lion  
You've come to this  
Ringing din here You've come to this  
You were a lion  
You've come to this  
Sigh alone now You walked on some tall new tale  
It's come to this  
You walked on it tall  
We all know you've come home to fall She's gone, she's gone 'cross the border, man  
And you're never gonna see her again  
I could give a fuck all what you do to me  
But your party's over, it's done, the end Take a step back  
Take a step back  
Take step back now Take a step back  
And turn yourself around  
The check has been cashed  
There's no stopping it now You're safe if I'm safe  
And if she's safe we're all good  
The sooner we're past this  
We'll all stop our knocking on wood  
Knock on wood She's gone, she's gone 'cross the border, man  
And you're never gonna see her again  
I could give a fuck all what you do to me  
But your party's over, it's done, the end It's come to this, it's come to this  
It's come to this, it's come to this  
It's come to this, it's come to this  
It's come to this, it's come to this  
And we all know that you've come home To fall, she's gone 'cross the border, man  
And you're never gonna see her again  
I could give a fuck all what you do to me  
Just leave her out of this
