The Message

4HIM

The fields are white and now the time has come
For there's a harvest, there is work left to be done
Lord here am I, I will be the one
I'm committed to the finish until the setting of the sun
Lord, I will be faithful in all I say and doTo live a love that never fails, to love my neighbor as myself
And to give 'til there is nothing left to give
To live a faith that never dies, to be crucified with Christ
Until all that lives through me is a messageI can't ignore what's right before my eyes
For all around this world is searching for a sign
Outside the door they're living in the night
And the light that lives within me is the hope they long to find
So I must be faithful in all I say and doTo live a love that never fails, to love my neighbor as myself
And to give 'til there is nothing left to give
To live a faith that never dies, to be crucified with Christ
Until all that lives through me is a messageIf we all will work together
We can make this world a better place to live
We can make a difference if we tryTo live a love that never fails, to love my neighbor as myself
And to give 'til there is nothing left to give
To live a faith that never dies, to be crucified with Christ
Until all that lives through me is a messageTo live a love that never fails, to love my neighbor as myself
And to give 'til there is nothing left to give
To live a faith that never dies, to be crucified with Christ
Until all that lives through me is a messageIs a message, is a message
It's time for love, it's a time for living a message
It's time for hope, it's a time for living a message
It's time for peace, it's a time for living a message
