

Venus

Billy Idol

You know you, me, we are so lonely
You look to me, I'll be there, my only
'Cause you say you want me
More, more, more And you say that you need me
It won't be long and I'll be holdin'
'Cause you say you want me
More, more, more One touch of Venus
And she'll receive us
One touch of Venus
Yeah, yeah One touch of Venus
And she'll receive us
I said, yeah, yeah I know we'll take a ride
We'll pass the stars and be home tonight
'Cause you, me, way above the stars, stars
We ain't dreamin' and we're livin' One touch of Venus
And she'll receive us
One touch of Venus
Yeah, yeah One touch of Venus
And she'll receive us
I said, yeah, yeah Ain't I got the might?
Ain't I got the right
For a touch of Venus? You, me, we ain't so far from home
You, me we, ain't got far to go
You, me, here above the stars One touch of Venus
And she'll receive us
One touch of Venus
Yeah, yeah One touch of Venus
And she'll receive us
One touch of Venus
Yeah, yeah One touch of Venus
Come on, one touch of Venus
Yeah, yeah One touch of Venus
And she'll receive us
I said, yeah, yeah Ain't I got the right
For a touch of Venus?
Ain't I got the right
For a touch of Venus?
