

# High Water

## Trampled By Turtles

It survives  
I think it's nice  
To drive around till you're blind Young and old  
Scared or bold  
You're what you want with your time I wanna go sorry  
Well I, I'm sorry too Right or wrong  
Which side I'm on  
The earth won't ever let it slide Lonesome man  
He's got a plan  
To end it all before his time I wanna go sorry  
Well I, I'm sorry too.
