

E.T. (feat. Lil Wayne)

B.o.B

A hardly has an appetite
And pokes at food too long
And B can barely bother
Because all the food is wrong
See likes only candy
And chocolate by the box
D is just disinterested
In anything you've got But E eats everything
Yeah, E eats everything
E eats everything
Yeah, E eats everything So toss in on a plastic plate
Or stick it with a fork
Serve it with a shovel
Or serve it on a spork Yeah, E eats everything
Yeah, E eats everything F is far too fussy
And only eats with fancy wine
G eats only gourmet
But never can decide
H burns food so horrible
All I tastes is smoke
J just likes drinking juice
And K drinks only soda But E eats everything
Yeah, E eats everything E is eating in a moving car
E is eating upside down
E is eating on a spaceship
E is eating off the ground L and M and N and P
Won't start 'til O arrives
Q and are and S and T
Are wearing clothes much too tight
You and V and W
Are worn out from this song
And X and why just will not share
And will not get along But E eats everything
Yeah, E eats everything But look out now, here it comes
That final letter Z
Now Z's not like the other letters
Z's only eating E's
Yeah, Z eats E's
Yeah, Z eats E's

Z eats E's
Yeah, Z eats E's
