God

Teen Suicide

With God as my witness and God as my only friend
I never thought that I'd see you around here again
with God as my witness and God as my only friend
will we be this bored when the world ends?"I don't feel safe in the city",
I don't feel safe in my body,
assume everything is a warning
it's raining, it's raining - it's storming
I got a text from a really old friend
they gouged out her eyes in a dream she had
she worries about premonitions
we've always been superstitious
I throw on a jacket in Edmondson
my mom stopped taking her medicine
I pick her up cigarettes & diet coke
make two more calls & I'm on the way home
with God as my witness and God as my only friend
I never thought that I'd see you around here again
with God as my witness and God as my only friend
will we be this bored when the world ends?
